EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gary D. Yacura on 6/18/2010.

The amendment will be made to claims 2-4, 6, and 8-11.

In claims 2-4, 6, and 8-11, the phrase "computer-readable medium" will be amended to "non-transitory computer readable medium".

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

The present invention is directed to a method of recording and reproducing a data structure for managing reproduction of a text subtitle. Each independent claim identifies the uniquely distinct feature "a text subtitle stream including at least a first segment and a second segment, the first segment including global style information, and the second segment including text subtitle data and local style information, the first and second segments including identifiers identifying the first and second segments, respectively, and the second segment being linked to the first segment, the global style information providing at least one of composition information and rendering information for a region including the text subtitle data, and the local style information providing at least one font information for the text subtitle data". The closest prior art, Nonomura et

al. (6,046,778) and Werner (US 2001/0030710 A1) disclose a conventional method of recording and reproducing a data structure for managing reproduction of a text subtitle, either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
